## The Vision

To be Africa's  
foremost online  
platform committed  
to connecting  
volunteers with the  
causes they care  
about.

To build a platform  
that enables  
volunteers to build  
skills, networks and  
confidence to advance  
the causes they truly  
believe in.

To build a community  
for people that have  
shared aspirations in  
addressing crucial  
issues in the society.

## The Principles

*Those of us who are strong and able in the faith need to step in and lend a hand to those who falter, and not just do what is most convenient for us. Strength is for service, not status. Each one of us needs to look after the good of the people around us, asking ourselves, "How can I help?"*

**VOLUNTEERS.AFRICA** is built on the following core principles

### COMMUNITY

We believe that  
people are the most  
vital instruments of  
change in the society.

### CAPACITY

We believe in the diversity  
of our capabilities to do  
that which we have  
committed our hearts to.

### SERVICE

We believe in helping and  
intervening on behalf of those  
who are in need and are unable  
to change their situations.
